### **GLOUCESTER RANGERS MIX IT UP A BIT AT TRADE DEADLINE**

The Gloucester Rangers Junior ‘A’ hockey team made a few minor changes at the trade deadline that they hope will help their team as they try and position themselves for a good spot in the playoffs this season.

Francis Dupuis, the goaler for the past few seasons, was traded to Carleton Place for center Sam Coyne of Perth. Carleton Place was looking to strengthen their goaltending and Gloucester was looking for a little more scoring punch up front but they certainly have not lacked this in the past few games scoring 27 goals in three games. Good going guys.

We also welcome Dylan Ellis to our team. Dylan, a goalie, came to us from the Couchiching Terriers of the OJHL. Prior to that he was the goalie for the Markam Waxers of the CCHL. He and Morgan Hudson will work hard to keep the pucks out of the net and take us to the playoffs.

Matt DiMillo returned to us from the Carleton Place Canadiens and we look forward to a great second half on defence from Matt.

These few changes along with the great group of guys we already have should make the second half of the season interesting.
